Drinks

Truly's Drinks

We are as passionate about serving excellent wines and beers as we are at creating delicious food. We are lucky to work with some excellent small producers and importers who are able to provide us with this drinks menu.

Almost all of the wines are organic and/or vegan, this enables the wines true flavour to shine through and gives a much smoother drinking experience (and less of a sore head the next day!)

Our beers are produced by our good friend Steve at Affinity Brewing Company, they hand make small batches of unfiltered, chemical free and vegan beers. We are the only stockist of these beautiful craft beers in Dorset!

We also offer a small selection of spirits, soft and hot drinks.
